

TRUFROST & BUTLER

Refrigerated Work Tables- Chillers

Trufrost refrigerated worktables, or refrigerated undercounters as they are also called, combine storage and preparation thereby enhancing the effectiveness of kitchen professionals. They are mounted on heavy duty lockable castors for ease of mobility and cleaning. Available in a choice of two refrigeration systems - Ventilated or Static with fan, these Chillers or Freezers are available in 2 and 3 door options. Options of back splash and a set of 2 or 3 drawers in place of a hinged door are available at an extra cost for project orders.

Available Models
